fieldsstore](http://www.wallerisd.net/fieldsstore)

## DID YOU KNOW?

*We welcome you to Fields Store Elementary and a year of many exciting learning experiences.*

*It is going to be another “Star-Studded” Year  
On the  
Super Highway to Success!*

**Fields Store Elementary is a Texas Education Agency “EXEMPLARY” Campus!**

### Information Given During Meet The Teacher Night

+ **If you were not able to make it to Meet The Teacher on Saturday, Aug 15<sup>th</sup> or were unable to complete your forms that day** - Please complete the important forms found in the front of the Parent/Student Handbook and return by Wednesday of this week. Please make sure that we have several phone numbers on this form and that you contact the school when phone numbers change. Also enclosed in the manila envelope are forms required for optional district services.

+ Please establish a routine with your child to review the maroon plastic or colored pocket folder each Monday. In this folder you will find progress about behavior and grades as well as important notes from the teacher and the school newsletter, the “Did You Know.” The “Did You Know” is also posted on the school website.

+ Tables have been set up in the cafeteria by the stage for parents wishing to eat lunch with their child. Please do not ask your child’s friends to sit with you as there is limited room.

+ Students will be released to the classrooms at 8:05am this year.

+ Students may NOT be dropped earlier than 7:15am each morning as there is not supervision prior to that time

+ Our fundraiser for this year will be a catalogue sale – information will come home on Sept 4th! Prizes will be a huge inflatable party.

+ There will be no formal After-School Program – each grade level has built into their daily schedule an intervention/tutoring time. Each grade level will also be offering a minimum of 2 days a week either before or after school tutoring provided they have their own transportation.

+ Mrs., Payne our Title Math teacher will also be offering math tutoring for each grade one day a week.

I am confident that by working together, this will be a very rewarding and successful year for all!  
Mary Davis, Principal
